

Medical Staff Association Report to the Board – April 2026

1. **Mortality and Morbidity Rounds** (MM Rounds) was well attended on April 15, 2026. We reviewed three cases which provoked excellent discussion and resulted in some recommendations to QA to help improve patient care.
2. Congratulations to Dr. Christina Riehl and her husband who welcomed a baby boy, Jacob this month.
3. At our last MSA meeting – we had a presentation from Dr. Stephanie Popiel on how to improve our documentation by using the correct language and terms which will allow for more accurate coding of our charts.
