### Key Messages:

#### Huddle Boards

Huddle Boards are an example of linking Strategic Priorities to frontline engagement and action. The purpose of Huddle Boards is to improve workflow, environment, safety and patient care. They provide a standardized approach to problem-solving as they create transparency and give voice to staff. Huddle is about harnessing everyone's best thinking to solve a problem and make improvement.

#### Quality Scorecard

The 25-26 Quality objectives were reviewed. Standard work for structure patient rounding; Patient/ communication boards; and wound care management are all on target. First Case O.R. Start is achieving desirable state and will transition KPIs to O.R. Committee. Ongoing is the focus for the leadership team is Accreditation Canada visit in May 2026. Other metrics including falls and ALC throughput continue to be monitored.

#### Quality Improvement Plan (QIP) 2026-27

This presentation will be presented to the Board March meeting.
