Please note that **out-patient X-ray exams** are scheduled from 8 a.m. to 4 p.m. Monday – Friday in Smiths Falls and Monday – Sunday in Perth.

**Due to many contributing factors, the Diagnostic Imaging Department is experiencing a large amount of back log. PSFDH anticipates that these concerns will be resolved in the near future.**

Similar to the triage process in the Emergency Department, the Diagnostics Imaging Team (DI Team) receives and reviews all test requests and requisitions to determine level of urgency. **The DI Team always sets aside time to support inpatient and urgent test requests.** If you are concerned about the wait time for your appointment, please contact your primary care provider for more information.
