<b>CT urgent/semi-urgent</b>	No wait time for P1, P2	-
<b>Elective CT non contrast</b>	approximately eight (8) months	No change.
<b>Elective CT with contrast</b>	approximately ten (10) months	Increase from eight (8) months
<b>General X-ray</b>	approximately four (4) weeks <i>(no wait time for urgent/semi-urgent.)</i>	Decrease from approximately nine (9) weeks
<b>Bone Mineral Densitometry (BMD)</b>	Wait time information not available.	BMD tests are performed on a limited basis due to staffing issues.  PSFDH has started booking BMDs on a regular basis.

	ECG	Blood Pressure Monitoring (BPM)	Stress Test	Holter Monitor
<b>Smiths Falls</b>	Next Day	Four (4) days	N/A	Five (5) days
<b>Perth</b>	Next day	Two (2) weeks	10 days	For 7-14 days (one week) For 24, 48 hrs (max. 3 days)
<b>Other:</b>				
<b>Echocardiography</b>	Approximately two (2) weeks	No change		

Please note that **out-patient X-ray exams** are scheduled from 8 a.m. to 4 p.m. Monday – Friday in Smiths Falls and Monday – Sunday in Perth.

**Due to many contributing factors, the Diagnostic Imaging Department is experiencing a large amount of back log. PSFDH anticipates that these concerns will be resolved in the near future.**

Similar to the triage process in the Emergency Department, the Diagnostics Imaging Team (DI Team) receives and reviews all test requests and requisitions to determine level of urgency. **The DI Team always sets aside time to support inpatient and urgent test requests.** If you are concerned about the wait time for your appointment, please contact your primary care provider for more information.
