

# Elliot Street Clinic FHO

12 Elliot St. Perth Ontario

## Locum

Very flexible locum opportunity with option to cover one or a few FHO physicians (either at the same time or sequentially).

Physician led FHO with a congenial group of 6 physicians at this clinic. 2 nurses with experienced office manager and onsite billing. Lots of support and opportunities to increase income and experience. Ideal for new grad or someone looking to join our community as there are opportunities to replace one of a few retiring physicians.

Around 800-1000 patient rosters - current physicians work about 2-3.5 days per week

No extended clinic hours. ER shifts to pick up especially during summer when volume in ER is higher.

No on call required for this locum.

In patient care not required but again is another opportunity to make more money and experience. Lots of support from other physicians in our call group, internal medicine support, general surgery, urology, gyne/obs and ortho.

EMR - Practice Solutions / PS suite

Remuneration is Per Diem plus out of basket billing

The Town of Perth (pop. 6,000) is located approx. 1 hour from Kingston and Ottawa. Help with lodging can be arranged.
